# Using Seesaw for Remote Learning

## Action Needed - Set Up Your Child to Learn Remotely with Seesaw

From next Monday 25<sup>th</sup> January, we will move to use Seesaw for remote learning in Reception.

Your child's teacher will use Seesaw to share learning activities and resources, capture your child's learning, and communicate about progress and needs.

## Help your child log into the Seesaw CLASS app at home:

1. For tablets or phones, download the **Seesaw Class App**  
For laptop or desktop computers, **go to [app.seesaw.me](http://app.seesaw.me)**
2. Your child logs in by clicking **I'm a Student**
3. We will email you a unique Home Learning Code for your child to log in at home:  
**Enter the text code or scan the QR code**

For help getting your child logged in, watch [this video](#).

Youtube also has a number of helpful videos which explain the ways in which Seesaw is used for remote learning, including this one [A Tutorial of Seesaw Home Learning For Parents](#).

- The daily learning activities will be posted onto your child's seesaw page by 3pm the previous day.
- Remote learning is a two-way process and Seesaw enables the class teacher to give feedback to your child on their learning.
- Please upload a photo, video or audio response for each activity every day so that your child's teacher can assess their progress, give feedback and plan for the next steps in their learning.
