

### **Sports Premium Funding September 2020- July 2021**

The government provides additional funding for physical education (PE) and sports in school. Parkgate Infants in 2019-20 will receive £16,000 alongside an additional £10 per pupil.

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer. This means that you should use the Primary PE and Sport Premium to:

- develop or add to the PE and sport activities that your school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

DfE guidance demonstrates that there are 5 key indicators across which schools should demonstrate an improvement. These are:

There are 5 key indicators that schools should expect to see improvement across:

- the engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
- the profile of PE and sport is raised across the school as a tool for whole-school improvement
- increased confidence, knowledge and skills of all staff in teaching PE and sport
- broader experience of a range of sports and activities offered to all pupils
- increased participation in competitive sport

We have organised this action plan to demonstrate how we are achieving the 5 indicators. Please see our 2019-20 sports premium statement for a review of our spending from 2019-20.
